CECI EST UN CAILLOU

Dalle influenze e le contaminazioni tra la migliore tradizione manifatturiera italiana e le emozioni proprie della moda, nasce Liu Jo Living Collection. Spazi accoglienti, stili inattesi e living che diventano le lounge zones delle nostre esperienze: l'approccio all'interior di Liu Jo parte da qui, dal cambiamento, con la voglia di ridisegnare gli schemi proponendo un modo diverso di concepire gli ambienti. Una geometria delle forme che facilita l'affermazione dello stile personale, agevolando accostamenti e personalizzazioni. La sfoderabilità diventa così non solo funzionalismo ma vera e propria cifra estetica del living firmato Liu Jo, permettendo di creare ambienti unici, riconfigurabili e sempre rivoluzionari.

Svincolarsi dalle forme e dalle nomenclature classiche per creare non più 'solo' divani o poltrone, ma design liberi, componibili e riposizionabili. Ceci est un Caillou si ispira alle linee morbide e irregolari dei sassolini di fiume, di cui porta il nome. Strutture ed elementi rigidi trovano la loro ragion d'essere in questa collezione per contrasto: sono pensati per contenere e abbracciare le curve e i movimenti, per dare forma all'acqua, per esserne architetture. L'irregolarità di ogni lavorazione e di ogni pezzo diventa così firma di unicità artigianale e sartoriale, rendendo ogni ambiente irripetibile.

From the influences and contaminations between the greatest Italian manufacturing tradition and the emotions typical of fashion, comes Liu Jo Living Collection. Welcoming spaces, unexpected styles and living areas which become lounge zones for our experiences: the interior design approach by Liu Jo starts here, from change, with the intent of restyling patterns, suggesting a new concept of space. A geometry of shapes that supports the assertion of personal style, facilitating combinations and customisations. Lining removal is no longer confined to functionalism as it becomes the distinctive style of living areas designed by Liu Jo, thus allowing to create unique, reconfigurable and always revolutionary environments.

Releasing oneself from traditional shapes and nomenclatures to create not 'just' sofas or armchairs, but rather designs which are free, modular and can be repositioned. Ceci est un Caillou draws its inspiration from the soft and irregular lines of river pebbles, after which it has been named. Rigid structures and elements find their reason for being in this collection through contrast: they are designed to contain and embrace curves and movements, to give shape to water, to become its architectures. The irregularity in each processing and each piece thus becomes a sign of artisan and tailored uniqueness, making each environment unrepeatable.

Quand le meilleur de la manufacture de l'ameublement Italienne se lie à la puissance émotionnelle de La Mode, il en résulte Liu-Jo Living Collection. Des espaces accueillants, de la détente avec beaucoup de style, des matières nobles et des couleurs affirmées: telle est l'approche de Liu-Jo. Repenser les dispositifs en proposant une façon différente de concevoir l'environnement. Une nouvelle géométrie, des formes qui facilitent l'affirmation de son style, des combinaisons nouvelles et une personnalisation de son intérieur. La housse amovible n'est donc pas uniquement fonctionnelle mais devient un véritable trait esthétique du salon signé Liu Jo, vous permettant de créer des ambiances uniques, reconfigurables et toujours révolutionnaires.

S'affranchir des formes et des nomenclatures classiques pour créer non plus seulement des canapés ou des fauteuils, mais des designs de conceptions libres, modulables et repositionnables. Les structures et éléments rigides trouvent leur raison d'être dans cette collection par leur contraste: ils sont conçus pour contenir et embrasser les courbes et les mouvements, pour donner vie à l'eau, pour en être l'architecture. La présence d'irrégularités devient alors la signature de chaque pièce artisanale et unique, rendant chaque ambiance exceptionnelle.

ATL GROUP

ATL GROUP

L'esperienza di ATL Group ha inizio nel 1976 e l'azienda, nel corso degli anni, diventa leader nel distretto romagnolo della produzione di mobili imbottiti per i più importanti brand italiani ed europei grazie all'attenzione e alla cura in ogni fase della produzione: dalla lavorazione del legno per i fusti, fino al taglio dei rivestimenti in pelle e tessuto, la cucitura e l'assemblaggio. ATL Group non produce solo divani, letti e poltrone, ma racconti di esperienze e stili di vita diversi che esplorano differenti scelte estetiche e compositive. Prodotti accomunati dalla ricerca di un carattere proprio e riconoscibile, con una firma di qualità tutta Made in Italy. Da questa continua ricerca e dal sodalizio tra il fashion brand Liu Jo e ATL Group nel 2018 nasce Liu Jo Living Collection, un'idea design per l'home living che oggi rappresenta al meglio l'interazione e la contaminazione tra le emozioni proprie della moda e la migliore tradizione manifatturiera italiana.

The experience of ATL Group started in 1976 and, over the years, the company has become a leader in the Romagna district, manufacturing padded furniture for major brands in Italy and the rest of Europe, thanks to the attention and care in all production phases: from the processing of wood for shafts, to cutting the leather and fabric upholstery, sewing and assembling. ATL Group produces not only sofas, beds and armchairs, but also stories of different experiences and lifestyles which explore a variety of aesthetic and composition approaches. What these items have in common is the search for their own and recognizable character, with an Made-in-Italy quality trademark. This ongoing research and the partnership between the fashion brand Liu Jo and ATL Group, in 2018, resulted in Liu Jo Living Collection, a design idea for home living which today best represents the interaction and contamination between emotions typical of fashion and the best Italian manufacturing tradition.

L'aventure ATL Group a débutée en 1976 dans la région Emilie Romagne. Grâce à l'attention et aux soins portés à chaque phase de sa production, que ce soit depuis l'architecture des carcasses en bois à la technologie de découpe des matériaux utilisés pour ses revêtements, sans oublier le travail de sellerie, l'entreprise est devenue le leader dans la production de meubles rembourrés pour les plus grandes marques italiennes et européennes. Plus que de simples canapés, lits ou fauteuils, ATL Group donne naissance à de nouvelles expériences, des designs reconfigurables pour des ambiances uniques, avec la qualité exceptionnelle du « Made In Italy ». Depuis 2018, la célèbre marque de mode Liu Jo s'est liée à ATL Group pour concevoir Liu Jo Living Collection : une collection alliant le meilleur de la manufacture de l'ameublement à la puissance émotionnelle de la Mode.
